

## NAATD Requirements for Membership

*OBJECTIVE: To promote and determine the minimum standards for the training of teachers who provide education to children and students who are Deaf and Hard or Hearing.*

### ELIGIBILITY REQUIREMENTS

There are and have been many university programs in Australia to provide pre-service training to Teachers of the Deaf. Teachers of the Deaf are currently required to complete a course that meets the Graduate Level Statements within the *Teacher of the Deaf Elaborations of the Australian Professional Standards for Teachers (2016)*. Prior to this, the courses listed below provided the skills and knowledge required to become a full, associate or student member of the National Association of Australian Teachers of the Deaf (NAATD). Applicants are required to submit their university testamur and transcript in addition to membership payment and personal details, which are assessed by the Executive Committee of each state branch.

<b><i>Institution</i></b>	<b><i>Course Name</i></b>	<b><i>Membership Category</i></b>	<b><i>Period Course Offered</i></b>
